Who should apply?

This course is intended for:

- Experienced project managers looking to enhance their agile project management skills and validate their expertise in agile methodologies.
- Professionals working in agile teams, including developers, testers, and other roles, who want to deepen their understanding of agile principles and practices.
- Individuals in associate or assistant manager roles involved in projects who aspire to advance their careers in agile project management and take on more challenging responsibilities.
- Professionals from various backgrounds interested in learning agile methodologies and practices to improve project management effectiveness and outcomes.

However, this course can be taken by anyone who wants to learn more about the fundamentals of agile project management.

Why Certification?

Certification validates you as a competent practitioner, upgrades your status as an internationally accredited professional, provides a global standard for organisational competence and the tools to achieve better project results.

With the demand for agile practitioners soaring, earning the PMI-ACP® certification is more valuable than ever. PMI Survey shows that 84% of PMI-ACPs gained recognition for career advancement. Developed by agilists for agilists, this certification enhances your agile mindset and skills to deliver value and versatility across diverse industries.

The PMI-ACP® Certification Handbook below focuses on requirements, application process, and timeline. You will find in it detailed answers to most of your questions regarding the exam and certification.

[Download Handbook](#)

For You

- Learn to think like a project manager
- Build confidence in essential project management concepts
- Enhance your career prospects and earning potential with job-ready skills
- Increase efficacy, productivity and job security
- Earn a globally recognised & transferable qualification with long term career benefits

For Your Organisation

- Standard project management practices across the organisation
- Lower costs and effective use of resources
- Develop team and organisational competence
- Greater levels of project efficiency and success

PMI-ACP® Exam Eligibility Criteria

With Honours Degree

- Four-year degree (bachelor's degree or the global equivalent)
- 8 months of agile team experience within the last 5 years
- 28 contact hours of formal education

Without Honours Degree

- Secondary degree (high school diploma, associate's degree, or the global equivalent)
- 12 months working on project teams within the last 5 years
- 8 months working on project teams using agile methodologies. This experience must have been earned in the last 3 years (and in addition to the 12 months project teams experience)
- 28 contact hours of formal education

How to Apply for the PMI-ACP® Exam

It takes just three steps to complete the application. The central task is to detail your experience and training to show you've got what it takes to become a PMI-ACP®.

01 Confirm You're Eligible

Check the [PMI-ACP® Exam Eligibility Criteria](#) and determine which is your category (With Honours Degree or Without Honours Degree)

02 Gather your Information

Document your experience and training by gathering information about the **projects you have led** and **training you have completed**.

03 Complete the Application Form

Go to pmi.org and create an account to start the process. Your application will be reviewed and then you will need to pay an exam fee if you are qualified to move forward.

➔ **Member Price** : USD\$ 435

➔ **Non-Member Price** : USD\$ 495

What our students say about us

A good steppingstone in anyone's career

As a former student completing the PMP course, I can say I was very impressed with every one of the lecturers (...), the level of knowledge and form of explaining the PMI implementation in a day-to-day project environment was very helpful. Would certainly recommend the Institute and the courses.

Teo Boanchis

Excellent programme, really well run.

I took this course during COVID, and the Institute did everything they could to help ensure we completed the course with as little disruption as possible. All the instructors are very knowledgeable, and I would recommend this course to anyone who is interested in Project Management.

Jimmy O'Connell

A beneficial asset to your CV

Great course, well run and delivered. I would highly recommend as a beneficial asset to your CV. The lectures and material are excellent, and it was a pleasure to attend on a weekly basis.

Ciara Buckley

The Course was Very Organised and Well Managed!

Really great college and the course was very organised and well managed! They really prepare you for the exams and assignments.

Jenny Gibney

Fantastic online learning experience

Fantastic online learning experience, felt like a classroom, course content and layout was super.

Siobhan Dreelan

Great Speakers Throughout.

Highly recommended. The course was very informative and presented by great speakers throughout.
